To Whom It May Concern:

I am writing this letter in regards to the Lehigh Valley Chamber of Commerce 2006 Excellence in Business Awards. As president of Principal Investments, LLC, a company that does Real Estate Acquisitions and management for many private investors in the Lehigh Valley. We have the privilege of working with many local companies. One of them is Keystone Consulting Engineers, Inc.

Keystone Consulting Engineers, Inc. is a company I have had the pleasure of working with for many years in various positions and because I represent companies that are developers I am still involved in working with them. Through all of this the people at Keystone Engineering, Inc. have always displayed a strong commitment to their clients and have never forgotten the importance of ethics and values in their business. Without a question Keystone Consulting Engineers, Inc. is a company that will not only help this Valley grow but will do so in a manner that makes them a model for young people and new businesses. It is for this reason that I strongly recommend Keystone Consulting Engineers, Inc. for the 2006 Excellence in Business Awards.

Sincerely,

Donald D. Frederick  
President
