Carbon County Erosion and Sedimentation Pollution Control Award - 2008

Press Release

Kresgeville, PA – November 6, 2008 – The Kresgeville Office of Keystone Consulting Engineers, Inc. has been awarded the Erosion and Sedimentation Pollution Control Award presented by the Carbon County Conservation District for 2008. The firm was chosen for this award for **outstanding Erosion and Sediment Pollution Control Plan submissions**. The award was presented on November 5, 2008 at the Carbon County Conservation District's Annual Banquet.

Keystone Consulting Engineers, Inc. provided a full range of engineering services in the fields of precision boundary and topographic surveying, municipal engineering, subdivision and land development, highway and traffic engineering, environmental engineering including sanitary sewer, storm sewer, and water distribution system design, as well as construction inspection services.

The Keystone Consulting Engineers, Inc. Kresgeville office serves Monroe and Carbon Counties and is located along Route 209 approximately ½ mile South of Burger Hollow Road. Keystone Consulting Engineers, Inc. also has offices in Wescosville & Bethlehem.

Contact the KCE/Kresgeville office for further information: 610-681-5233
